## SUMMARY

**Full Stack Developer** specializing in **Python Django** and **React**, with hands-on experience in building dynamic web applications and integrating robust **RESTful APIs**. Proficient in front-end development, back-end architecture, and database management. Adept at designing scalable, maintainable solutions and delivering high-performance applications in fast-paced, agile environments.

## EXPERIENCE

### Python Full-Stack Intern, Inmakes Infotech

Feb 2025 – May 2025

- Built full-stack web applications using HTML, CSS, JavaScript, Python, Django, Django REST Framework, React.js, and MySQL, reducing development time by 30% and improving data efficiency by 40%.
- Refined technical communication through code reviews, boosting coordination and overall development quality.

### Technical Lead, Tinker Hub

Jan 2023 – Jun 2023

- Designed and delivered a coding curriculum for 60+ students, with 90% successfully completing hands-on projects.
- Trained 35+ students in Python programming, creating a curriculum from scratch.

## PROJECTS

### Plant Pot (E-Commerce Web App)

[GitHub](#)

- Built a responsive E-commerce platform for interior décor featuring dynamic product listings, Cart, Wishlist, and OTP-based authentication.
- Integrated AI chatbot support using Ollama, implemented a feedback system, and streamlined order placement with payment gateway integration.
- Technologies Used: HTML, CSS, JavaScript, Bootstrap, jQuery, Django, MySQL, llama.

### Tripway (Tour Application)

[GitHub](#)

- Built a user-focused travel discovery platform featuring detailed destination listings, dynamic search with filters, image gallery, and responsive design.
- Designed modular templates, custom forms, and interactive UI components with focus on mobile-first responsiveness and minimal loading overhead.
- Technologies Used: HTML, CSS, JavaScript, Bootstrap, Django, SQLite (dev), MySQL, jQuery.

## SKILLS

- Languages:** Python, JavaScript
- Frontend:** HTML, CSS, React, Bootstrap, Tailwind
- Backend:** Django, DRF, REST APIs
- Database:** MySQL, SQLite
- Tools:** Git, GitHub, Figma, Stripe
- Languages:** English (Fluent), Hindi (Intermediate), Malayalam (Native).

## EDUCATION

B.Tech in Computer Science and Engineering, APJKTU

Nov 2021- Apr 2025

## ACTIVITIES

---

<b>Finance Lead, Innovation and Entrepreneurship Development Centre - IEDC</b>	<b>Jan 2024 – Feb 2025</b>
<ul style="list-style-type: none"><li>Coordinated 12+ student-led events, including ideations, hackathons, and workshops with 100+ participants.</li><li>Optimized audit processes, cutting preparation time by 50% and increasing program count through effective documentation and collaborative efforts.</li></ul>	

## CERTIFICATIONS

---

Python Full Stack Development Internship	<b>Jun 2025</b>
Data Analysis with Python Free Code Camp	<b>May 2025</b>
Frontend Development with JavaScript & React	<b>Nov 2022</b>
Back End Development Bootcamp GDSC	<b>Sep 2022</b>
